A Congress of Indian Tribes at Omaha— An Expedition to Explore the Copper Biver Route to Be Organized—No Money for Sectarian Institutions.

WASHINGTON, Feb. 4.-Friends of Senator Walthall (Miss.) say that there is nothing serious in his condi-tion and that he will return to his duties in the senate chamber in a day

The secretary of war has telegraphed instructions to Gen. Merriam, commanding the department of the Columbia, February 1, to organize and send an exploring expedition over the Copper river route in Alaska for the purpose of ascertaining whether a practical summer or winter route, wholly within the territorry of the United States, for mail and supplies, or for mail alone, could be found to the mining regions on the Yukon between Forty Mile creek and Circle City. The organization of the party and the selection of the officers to command it have been left to the judgment of Gen. Merriam. In case a practicable route can be found, instructions were given to so mark it that it could be followed hereafter. The party is to take, as far as practicable, such supplies as may be found to be practicable to relieve any persons in distress that may be encountered. The natives of the Copper River valley have been reported as aggressive and the officers in charge will be expected to use their efforts to conciliate them. The party will be instructed to proceed as far as practicable toward | many. Circle City, and if deemed advisable to communicate with the relief expedition taking supplies to the Yukon, and the two parties will co-operate in the work of exploration. The expedition probably will make an entrance by Port Valdes on Prince William sound unless it be found that some other point is more advisable.

An erroneous impression has gained ground to the effect that the Spanish government has made a change in the command of the battleship Viscaya, now on her way to the United States on a visit in return for the visit of the Maine to Havana. It has been said that Capt. Concas had been relieved from the command of the ship before she sailed on the ground that, having indulged in severe public criticism of the United States after his return from his visit to this councry with the caravels, he might be regarded as persona non grata in America. The fact is, as shown by the Spanish naval register, that Capt. Concas is and has for some time past been the commander of the cruiser Maria Theresa, and that the commander of the Viscaya is Capt.

WASHINGTON, Feb. 4 .- Senator Penrose Thursday introduced two bills for the regulation of rates of postage. One of them provides a uniform rate of one cent an ounce on all letters with a minimum rate of two cents on letters. The other provides for one cent postage on letters not to be delivered by carriers in the city to which directed. These one cent stamps are to be tricolored, red, white and blue. Both bills were introduced by request.

Senator Allen's proposed amendment to the Indian appropriation bill providing for a congress of Indian tribes next fall at Omaha exposition, was favorably reported Thursday by the senate committee on Indian affairs. It provides an appropriation of \$45,000 for the service.

WASHINGTON, Feb. 4.-Japan has been removed as an element in the opposition to the consummation of the annexation of the Hawaiian islands by the United States. This result has been attained by the conclusion of an agreement between our government and that of Japan, as represented by Minister Toru-Hoshi, which, by practically settling the status of the Japanese in Hawaii, removes the only substantial difference that has existed between the two governments. The Japanese government, for its part announced some time ago that it of the dead were thrown to the dors no longer cared to interpose any ob- This is about 1,200 miles up the Yang jection to annexation of Hawaii based | Tse river. on principle. Since that time the correspondence between Minister Hoshi and the state department has been directed to a satisfactory settlement of the status of the resident Japanese in in Hawaii, and this last point has now been adjusted, so far as the executive branch of our government is capable of acting independently, the agreement being reduced to the shape of a written

memorandum. WARHINGTON, Feb. 4 .- United States Minister Bellamy Storer reports to the state department that the total exports of raw sugar from Relgium in 1897 was 394,787,616 pounds of which 134,728,908 went to the United States. The exportation of refined sugar was 125,658,485 pounds and of this 1,169,808, known as pulverized, went to the United States.

### DESTRUCTIVE BLAZE. The Y. M. C. A. Building and Other Prop-

erty at Scranton, Pa., Destroyed. SCHANTON, Pa., Feb. 4.-Fire Thursday night totally destroyed the big Y. M. C. A. building, which contained two stores in addition to the association assembly hall and rooms, a large livery stable, a milk distributing depot and one of a row of two-story

dwellings. A dozen adjacent buildings caught fire but were saved with only slight damage. All of the city's 22 fire companies were called to the seene, and at 1:30 o'clock, two hours and a half after the blaze started, they had it under control. It is not possible to estimate the damage or insurance, but the former is probably \$225,-

000. The fire started from an explosion of a lot of cinematograph films used in giving exhibition curtain pictures in a vacant storeroom.

It blew the front out and spread to all parts of the building, which was four stories in height and contained the assembly hall, John Raymond Industrial school and other association departments; the sporting goods store of C. M . lorey; Mosher & Coleman's tailor establishment, all a total loss with no contents saved.
